# Every Picture Tells A Story ...

Moments as we live them, things we do or say....

Memories are made of things, that happen every day.

Little bits and pieces of laughter mixed with tears...

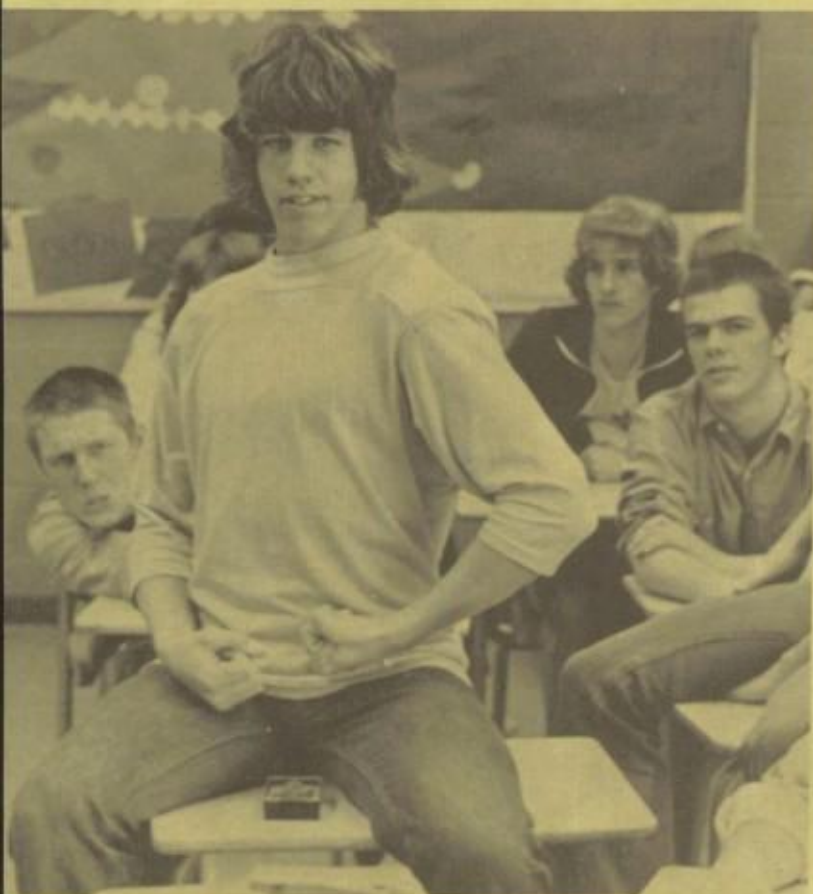

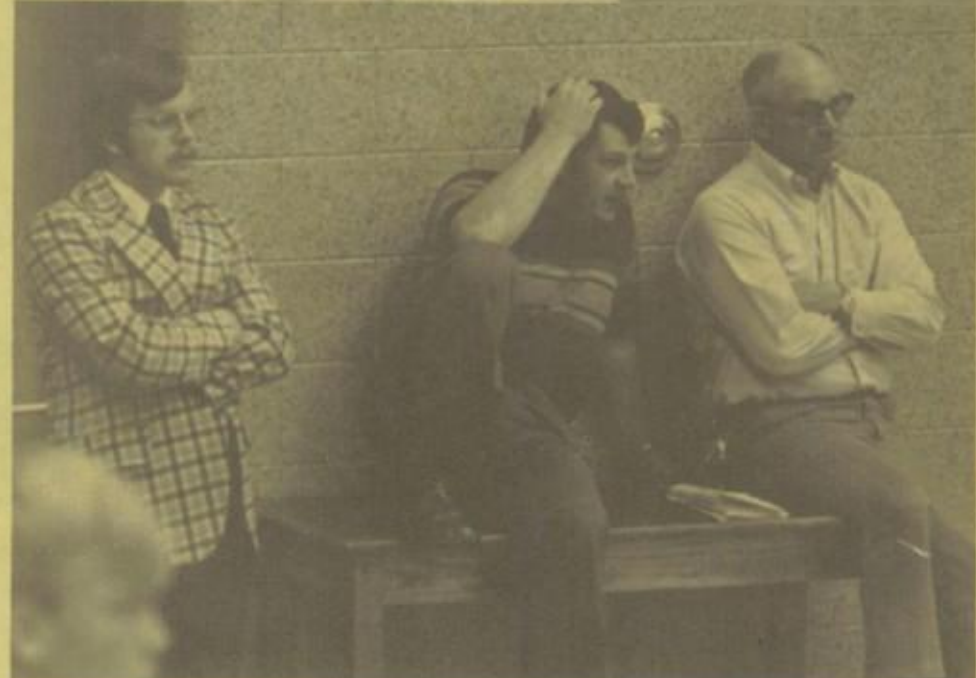

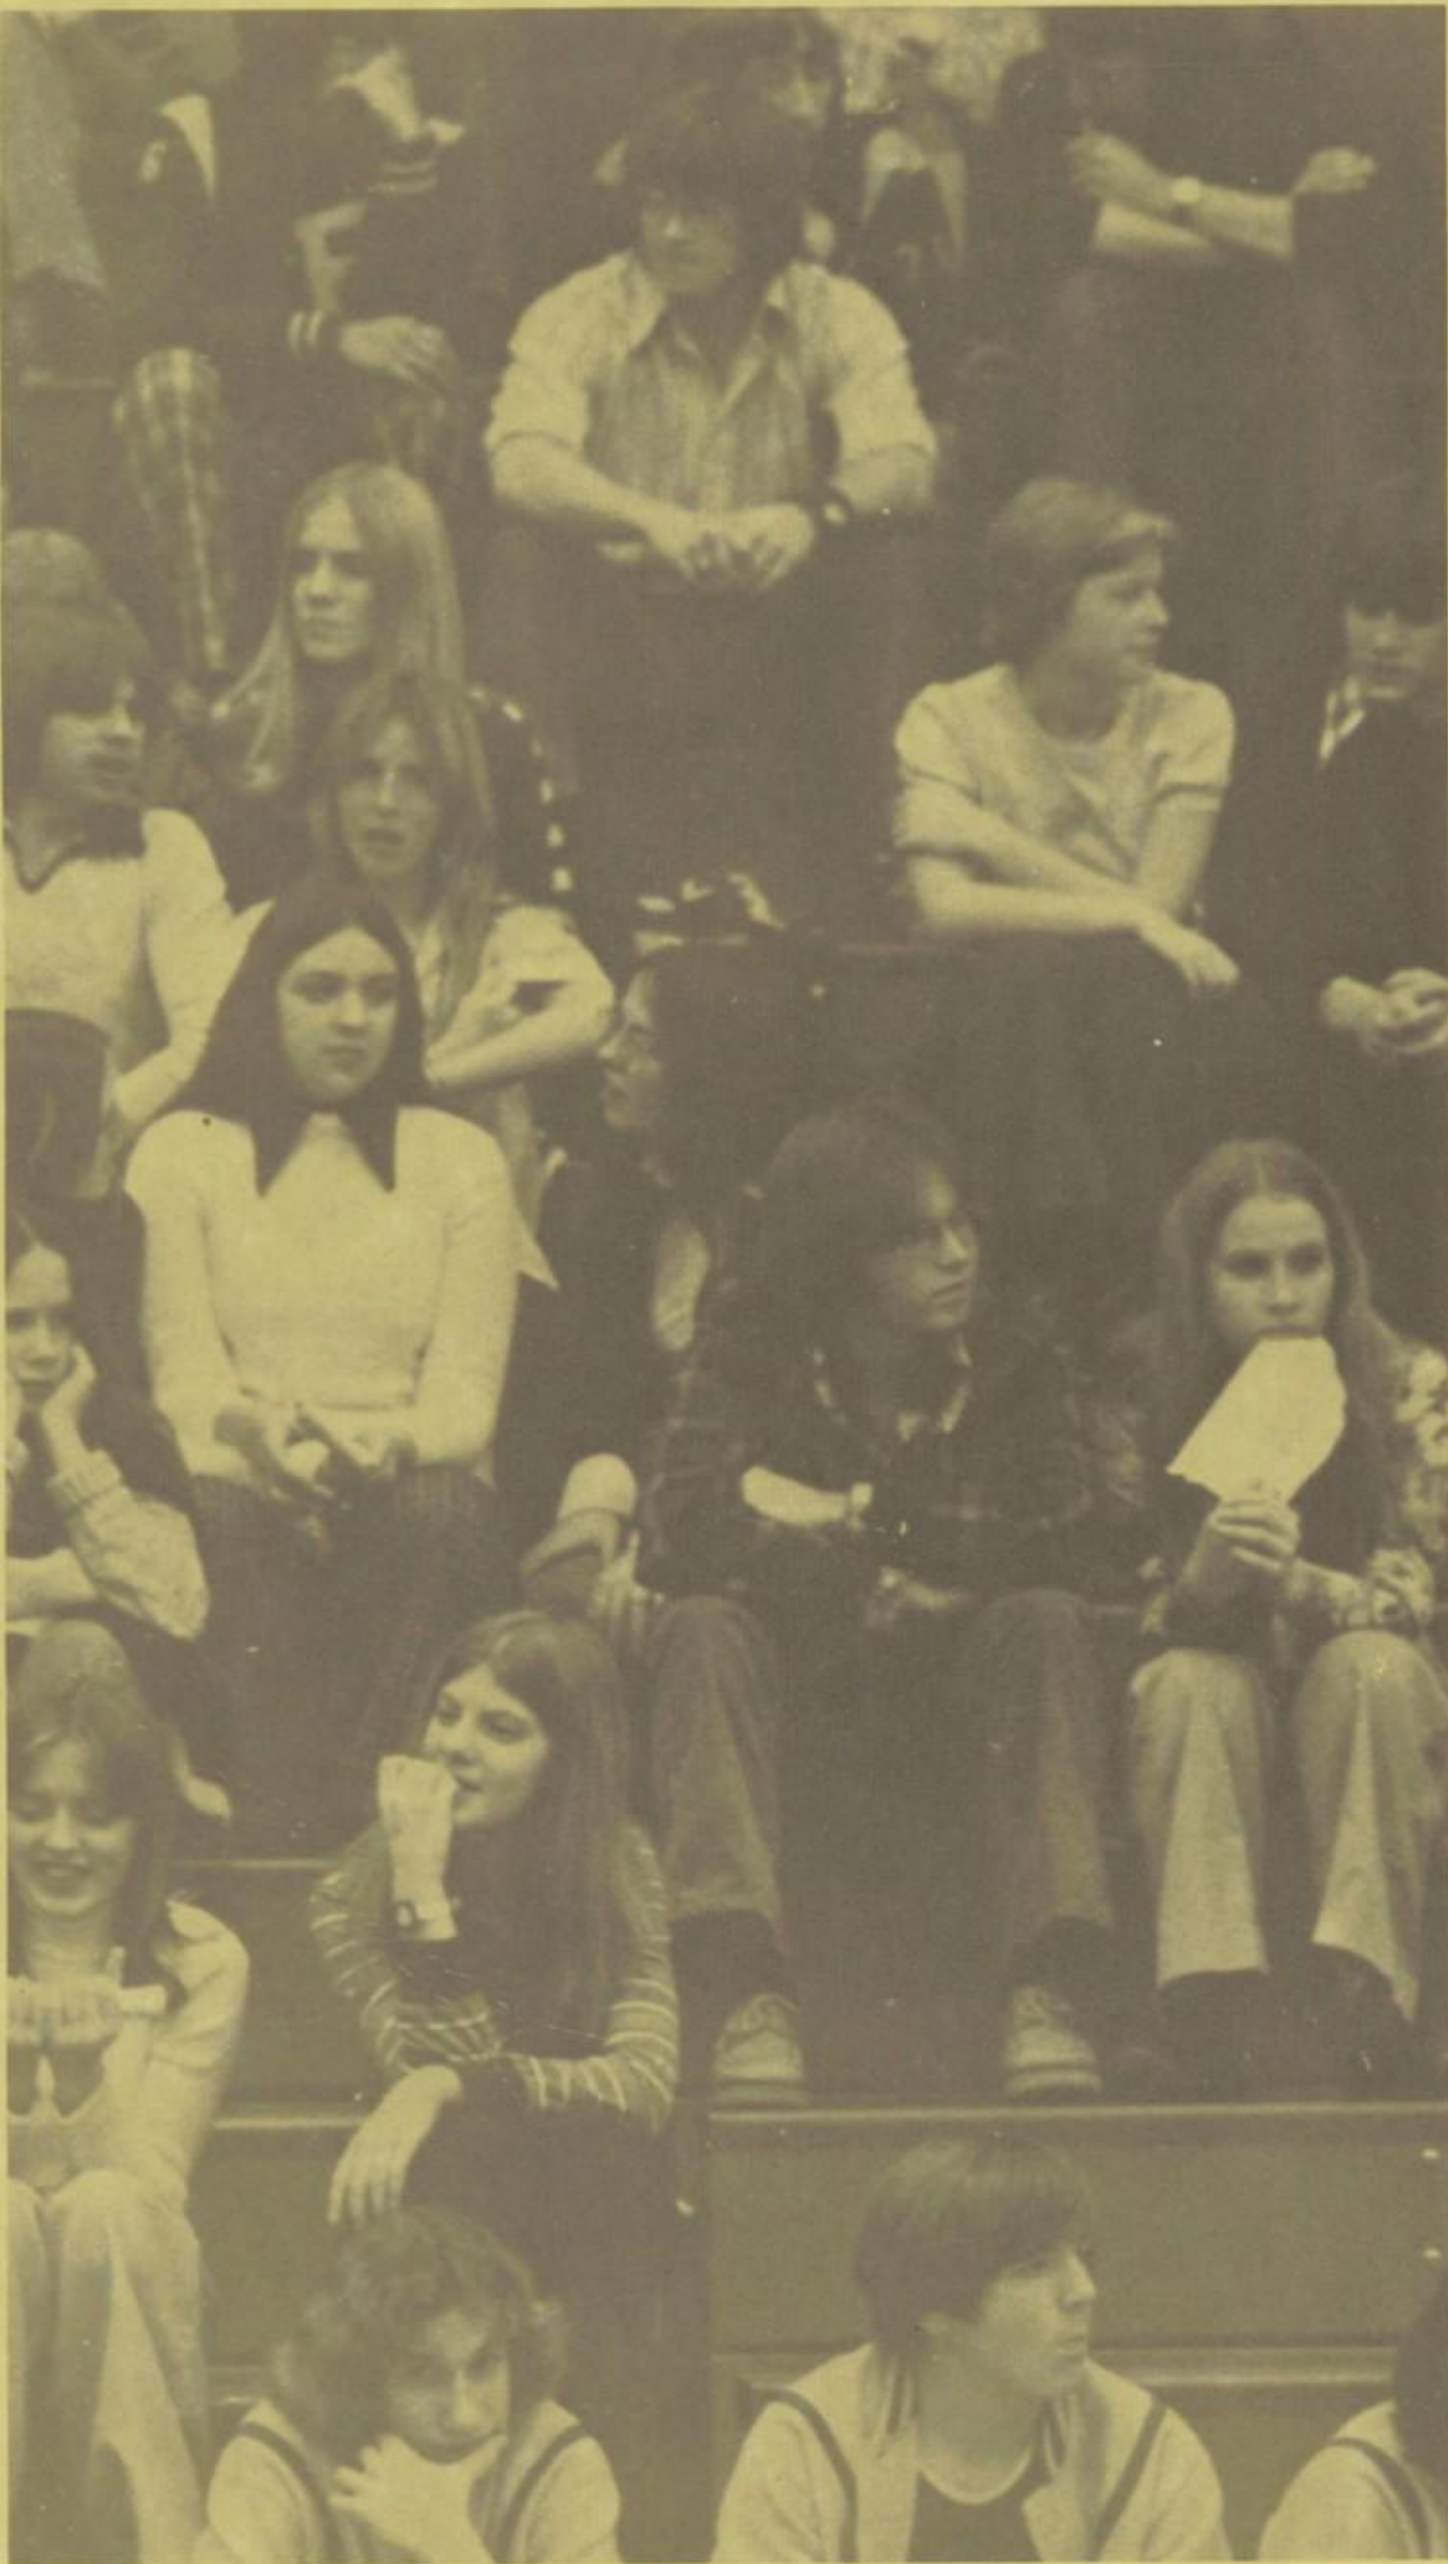

Create those golden memories we cherish through the years.

# 'We Brought Back Memories of Yesterday'

The staff of the 1976 Brecksonian would like to extend their thanks to those who gave special assistance in the production of this book: Inter-Collegiate Press (publishers), Eric Gruesbeck (ICP representative), Dick's Studio and Don Goostrey, Saginaw Valley Shopper, and the administration and faculty of BHS.

The 1976 edition of the Brecksonian (Volume 40) was printed by Inter-Collegiate Press of Shawnee Mission, Kansas. The production process used was off-set lithography following a Mondrian style lay-out.

The Journalism Yearbook Production Class was responsible for complete paste-up and preparation of pages for the printer. In addition, all film developing, photographic printing, and typing was done by students. All pictures were taken by a staff of student photographers with the exception of most senior and underclassmen portraits. Exclusive of any advertising, this book is completely paid for by student purchase and solicitations.

Moments spent together  
Are everlasting in my mind.  
Memories much too precious  
To ever leave behind.

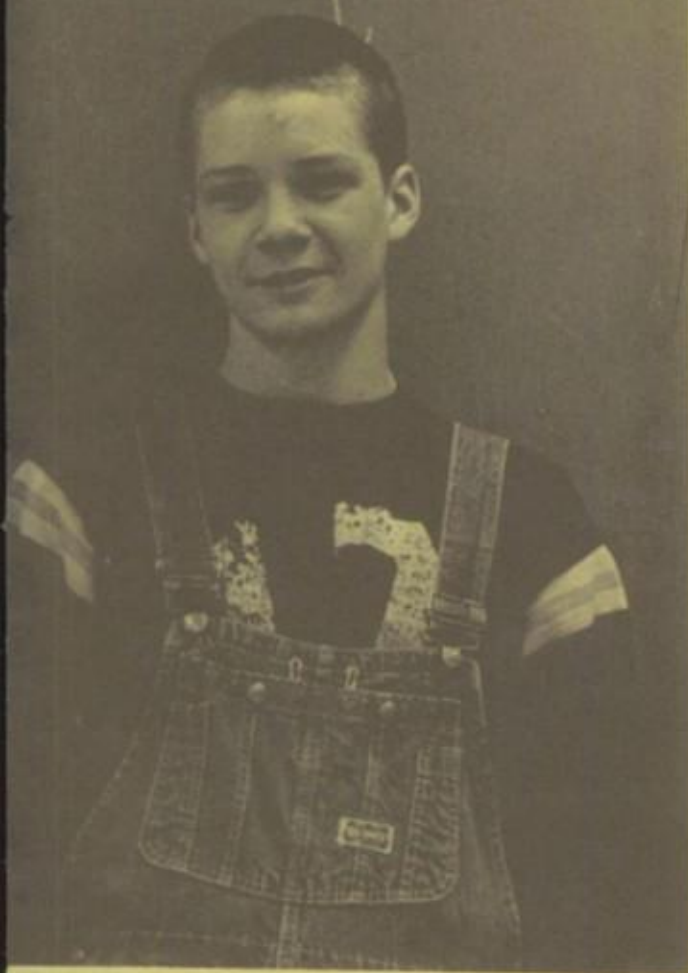

DORK

You've left me with memories

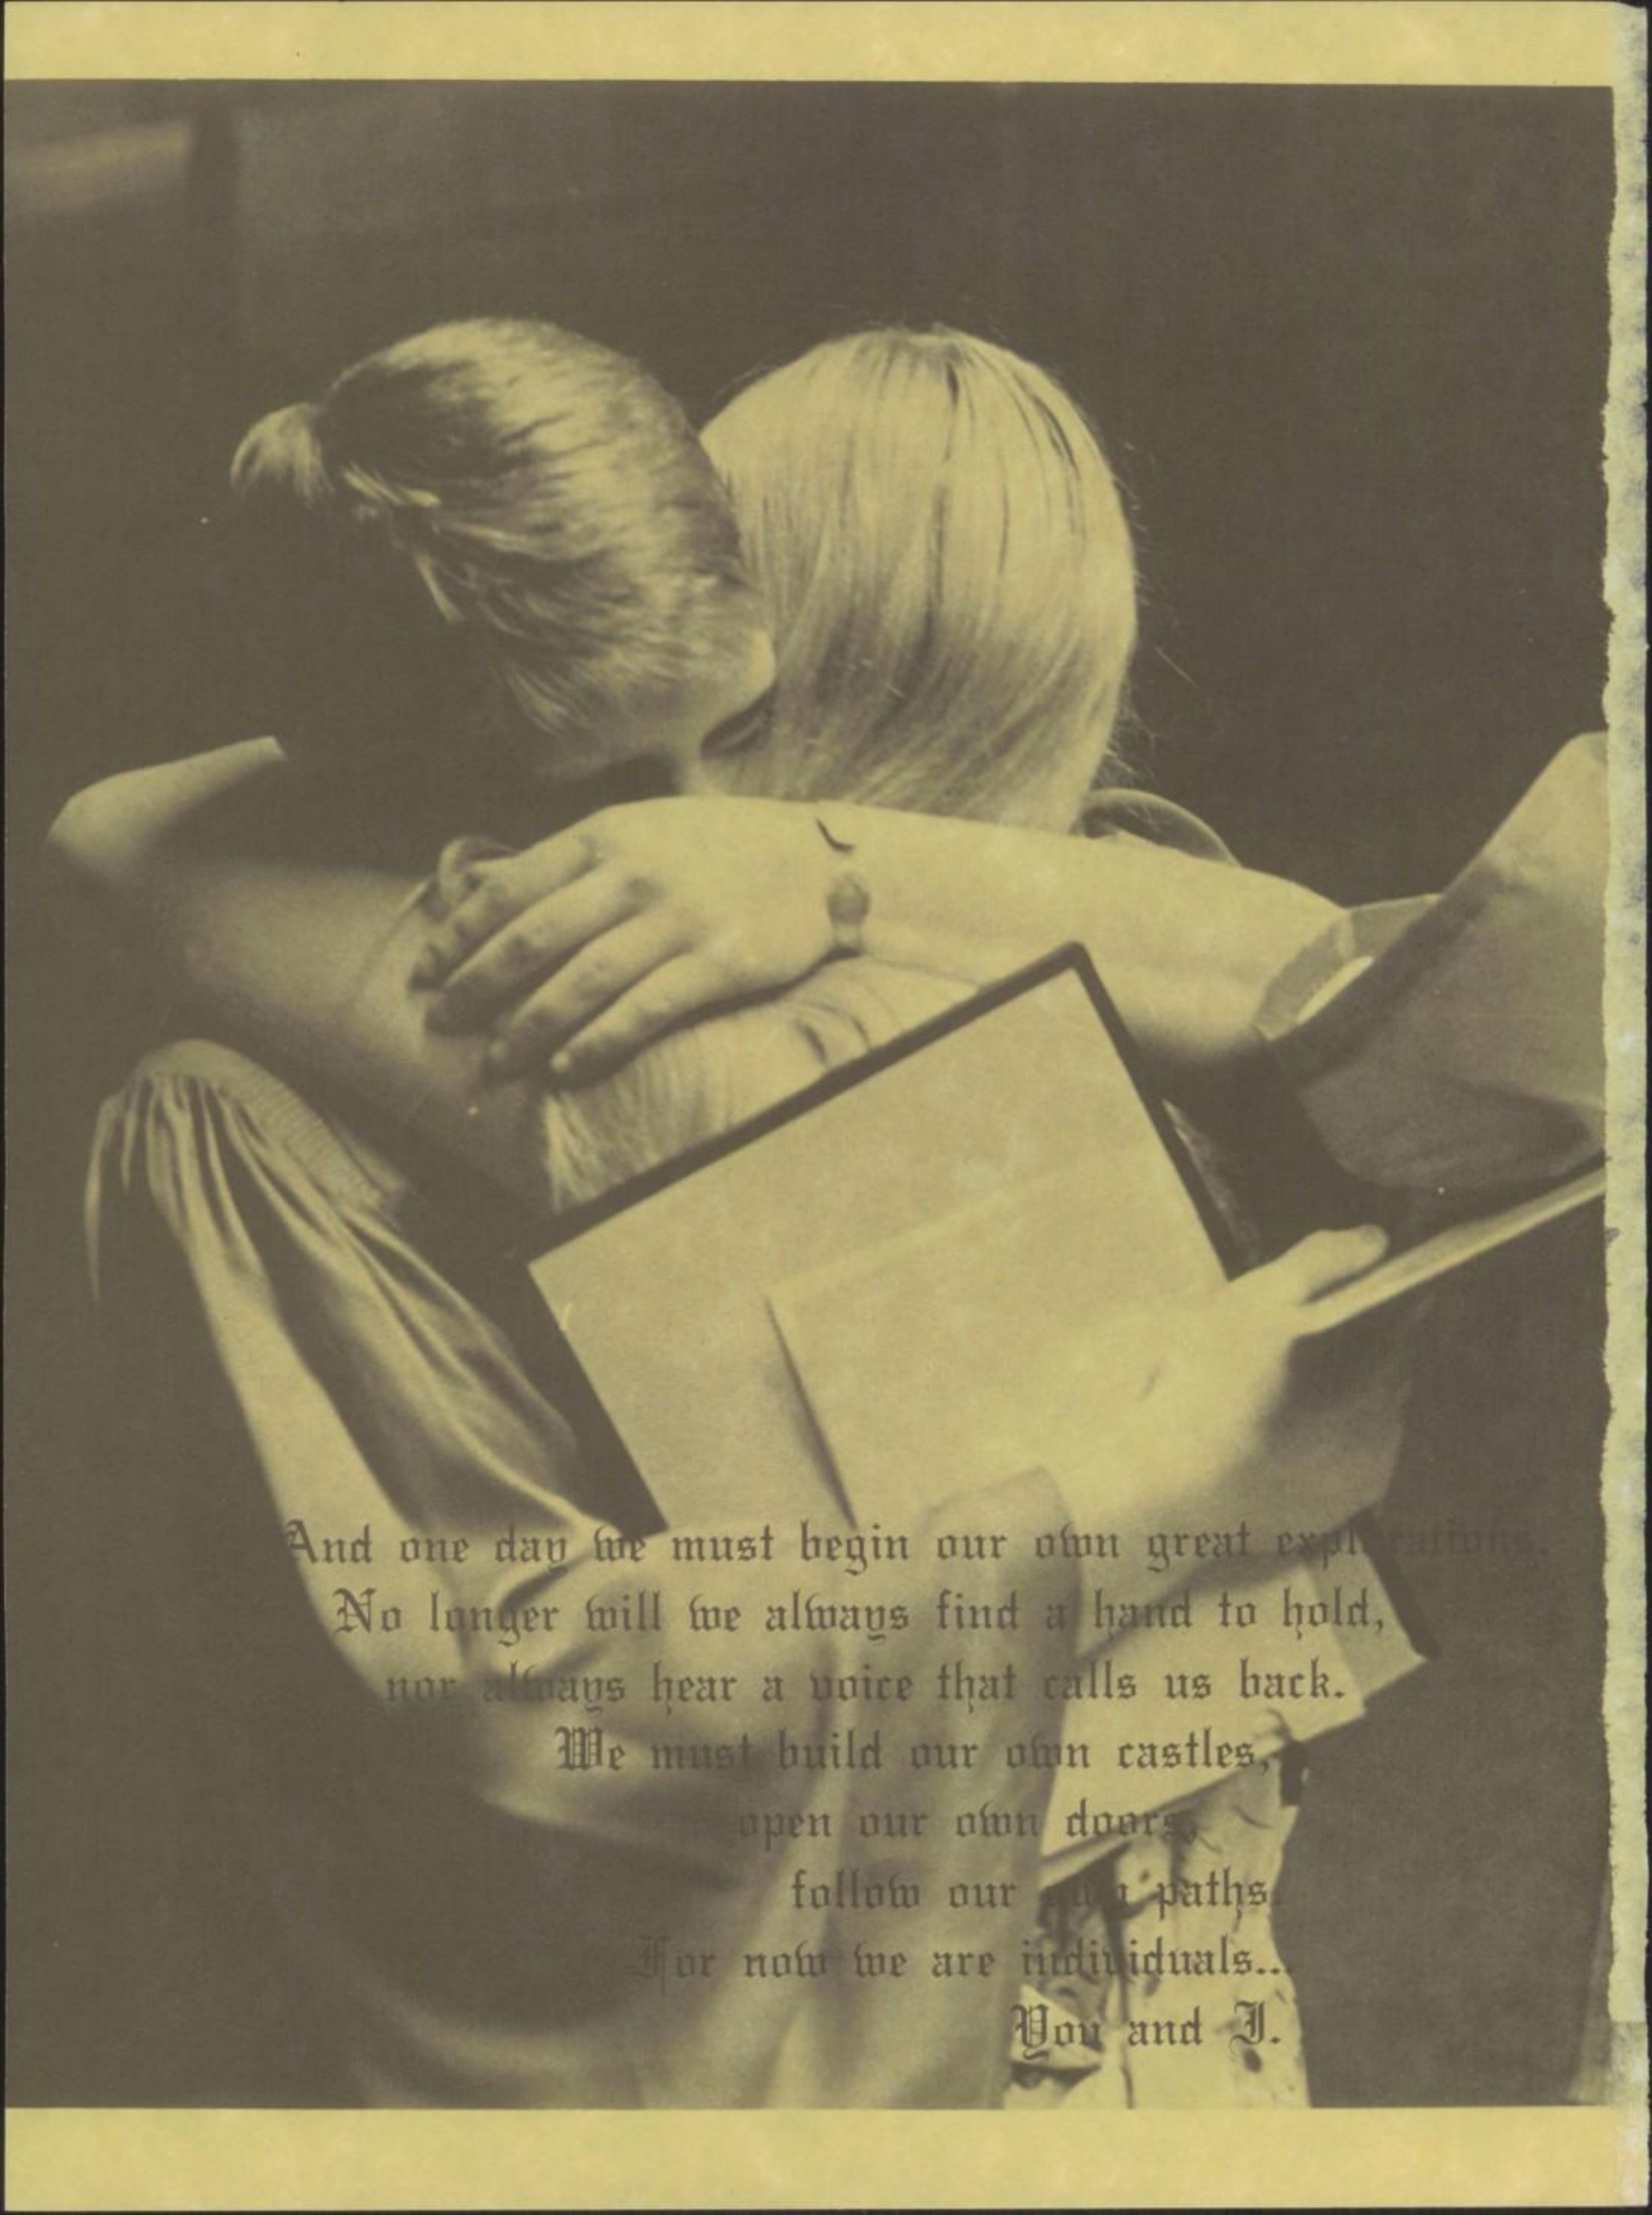

Of good times we've had,

To treasure for ever

And make me feel glad.

And one day we must begin our own great explorations.  
No longer will we always find a hand to hold,  
nor always hear a voice that calls us back.

We must build our own castles,  
open our own doors,

follow our own paths.

For now we are individuals...

You and I.
